CITY OF PORTAGE IS UNDER WATER

Break In the Levee Releases Destructive and Raging Torrents.

EFFORTS TO STOP GAP

Milwaukee Road Tracks Are Flooded and All Trains Are Behind Time.

WILL CAUSE GREAT DAMAGE

Portage, Wis., April 24.—The government levee broke through below the toll gate in the first ward last evening, washing away a piece of the levee thirty feet wide. The entire lower portion of the first ward is flooded, and the tracks of the Milwaukee road are threatened with being washed away.

A big force of men is unable to stop the break. The plank road leading to Portage is being flooded and will be impassable. The river broke through four miles below the city in Pacific early in the afternoon and all the surrounding property is now covered with several feet of water. The stage of water this morning is over eleven feet, only two inches below the top of the government lock at the head of the canal. A special train from Watertown brought 100 men to work on the levee to save the Milwaukee road tracks.

Lower Portion of the City in Danger.

A rise of a few feet more will flood

UNCLE SAM MADE SULTAN BACK DOWN

Irade Issued Authorizing Rebuilding of Destroyed American Missions.

CLOSES THE INCIDENT

State Department Wins Main Point In Controversy With Turkey.

NEWS IS VERY SATISFACTORY

Constantinople, April 24.—[Special Telegram]—The Sultan was much agitated by a report that an American fleet under Commodore Farquhar had sailed for the Turkish coast. He sent a messenger to the American embassy whose denial of the story greatly relieved him.

Constantinople, April 24.—An imperial irade has been issued authorizing the rebuilding of the property of the American missionaries that was burned at Harpoot. The construction of an annex to Roberts college is also authorized.

State Department is Pleased.

Washington, D. C., April 24.—The State Department has won its main point in the controversy with Turkey, as is shown by the dispatch from Constantinople stating that an imperial irade had just been promulgated granting permission to rebuild the American missionary property at Harpoot and also to build an annex to Roberts college in Constantinople.

This permission to rebuild missionary property and an annex to the principal American college in Turkey is considered of much more importance than the payment of the indemnity claimed for the destruction of missionary property. In fact it has been the greatest point in the controversy with the sublime Porte.

The news was received with considerable satisfaction, however, being regarded by officials as a friendly act on the part of the sultan and possibly an earnest, full and final settlement of the indemnity claim.

"This is a part at least of what we have been working for for two years past," remarked one official when shown the dispatch. "It will be pleasant news for the ecumenical conference in New York."

No one in authority was willing to discuss the matter in detail, but it is understood that while the action of the sultan is regarded with pleasure here it does not necessarily indicate that the claim for indemnity is abandoned nor that the incident is closed.

JOHN M. WHITEHEAD ENDORSED FOR GOVERNOR OF WISCONSIN

First District Republican Convention at Kenosha Passed a Strong Resolution Recommending the Janesville Man to the Badger Republicans as Their Candidate for Governor.

Kenosha, Wis., April 24.—[Special Telegram]—John M. Whitehead, of Rock County, was endorsed in the first district today for Governor, and J. B. Treat as delegate-at-large to the Republican National Convention. The convention passed the following resolutions:

"Resolved—That we heartily endorse the candidacy of J. M. Whitehead for Governor and earnestly recommend him to the republicans of the state as one in whose integrity, ability and judgment all have the fullest confidence."

that the misery existing there is tremendous and unparalleled and that the present relief is quite inadequate. They add that the mortality among the cattle is also so severe that the authorities are trying to adapt farm implements so that human power can replace that of bullocks. Such a drastic measure has never before been necessary even in the greatest scarcity of animals.

It is also announced that the natives are developing ugly feelings and are attacking Europeans. A great crowd Friday murderously attacked a party of soldiers at Shappur, the military center of the northwest provinces. The soldiers were rescued with difficulty and in an unconscious condition.

One district lost 1,000,000 cattle out of 1,300,000 head, and almost numberless human beings were found dead from starvation. In addition, children were found wandering in all directions, homeless, naked and emaciated, and cases were reported of children being sold. The official reports fully confirm the worst stories of the terrible nature of the distress.

the whole lower portion of the city between Wisconsin and Lock streets.

United States Engineer Mann, who arrived from Oshkosh last night, has put a big force of men at work. Many people in the first ward are moving out, and quite a number of the houses are partly submerged.

The platform at the steamer landing in Kilbourn was swept away and carried several miles down the stream before it stopped. Manning Van Alstein and Captain Snyder were on the landing when it gave away. Captain Snyder was carried down stream, but Van Alstein clung to the rocks and was rescued in a boat.

Hope to Repair Break.

Roadmaster Buffner and Agent Boyle of the Milwaukee road, are superintending part of the repair. They hope to have the break repaired by tonight so that traffic on the main line and the Madison Portage division will not be impeded.

BEAR GETS ANOTHER GRIP

SENATOR SPOONER PRESIDENT IN 1904

That Is a Prophecy Which Congressman Jenkins Makes in an Eastern Newspaper.

Washington, D. C., April 24.—In reply to a question put by the correspondent of an Eastern paper yesterday, Representative Jenkins said Wisconsin will in 1904 offer Senator John C. Spooner as a candidate for the presidency. The answer was brought out by a question whether Wisconsin has a candidate for the vice presidential nomination concerning which the party leaders are doing much thinking at this time.

"In my judgment," said Mr. Jenkins, "the Republicans will select some Eastern man for vice president this year. Presidential timber is not abundant and the people demand a man who has been tried, one who has had experience in public affairs and demonstrated his fitness for the high office. Such a man is John C. Spooner, and in my opinion he will be the standard bearer of the party in 1904."

QUAY CASE HANGS IN THE BALANCE

Doubtful if the Pennsylvania Boss Will Get a Seat in the Senate.

Washington, D. C., April 24.—[Special Telegram]—This afternoon the senate will vote on the Quay case, and the chances seem to be strongly against his admission to the senate on the certificate of the governor of Pennsylvania. The vote will be a close one, and the change of a vote may mean victory or defeat. The Quay leaders are demoralized.

Senator Chandler, chairman of the committee, this morning admitted the result is uncertain.

Sensor Spooner of Wisconsin, a warm adherent of Mr. Quay and who will vote to seat the Pennsylvanian said that the result would hinge on one vote and that vote may be either for or against Quay.

The senate met at 11 o'clock and immediately began the consideration of the Quay case. Penrose finished his speech begun yesterday, and was followed by McCumber of North Dakota, in his maiden effort, which was surprisingly strong.

BELOIT MINISTERS MAKE A PROTEST

Urge That Officials Alleged To Have Conducted a Cocking Main Be Proceeded Against.

Beloit, Wis., April 24.—There was considerable excitement in the city last night over the protest published in the city papers by the Ministerial union, expressing the wish that if certain charges are true concerning a prominent county official as regards the recent chicken fight near this city, on the Illinois side of the line, that the official in question will be indicted for violation of the law. While no names are mentioned in the protest it is obvious that a high county official is meant. As the fight was across the state line it is not generally known how he may be proceeded against, but the ministers think they have a way. The matter is said to be in the hands of a committee.

GOV. ROOSEVELT WILL RUN WITH M'KINLEY

Gathering Evidence That the New Yorker Will be Nominated for Vice-President.

Washington, April 24.—[Special Telegram]—The Post this morning in a lead article says that McKinley and Roosevelt will be the ticket nominated at the Philadelphia convention. Despite his protestations Roosevelt will accept. This means his selection as one of the delegates at large from New York. Roosevelt's successor will be Benjamin B. Odell, Jr.

Concord, N. H., April 24.—Senator Chandler has written a letter to N. B. Bryant, who will preside at the Republican state convention here today, in which he says that McKinley and Roosevelt will win an overwhelming victory next November.

BATTLE OF FLOWERS AT NICE, ITALY

CLINTON GIRL WRITES INTERESTINGLY FROM ROME.

She Made a Visit Also to the Bank of Mount Carlo and Describes Some of the Things She Saw in that Celebrated Gambling Resort—Travel in Italy.

Clinton, Wis., April 24.—[Special]—Miss Helen Edwards, who is one of a party of three Clinton girls now traveling in Europe, writes from Rome to Clinton friends as follows:

"Here we are at our hotel dead tired after a two days' hard tramp sight-seeing and nearly frozen over here in 'sunny' Italy. By the way, we have not found it so very sunny either. It rained the whole time we were in Genoa and people say it has rained for ten days running here in Rome. The rain finally drove us out of Genoa and we went over in the French frontier to Nice. You have no idea how beautiful a country it is—date palms, in fact, palms of every kind and description, olive trees, orange trees, lemon trees—loaded with fruit and growing in the wildest profusion, and the hillsides covered with century plants, geraniums and heliotropes as large as lilac bushes full of blossoms and growing wild.

"The second day we were in Nice occurred one of the greatest events of the season, called the 'Battle of Flowers.' I suppose you are as much in the dark as to the meaning of that as we were.

Well, first there was a grand parade of about 300 carriages, all beautifully decorated with flowers and ribbons, along the chief promenade, which is about one mile long and which on this particular occasion was simply lined with spectators. We were in the parade too. Ten of us from our hotel hired a 'drag' and though we were not beautifully decorated still we had as much fun as anybody. As soon as the first grand march was over the 'battle' began in earnest.

"We must have had twenty bushels of flowers all tied up in small bouquets in just our one carriage. In riding along if we saw a pretty good looking fellow among the spectators we would toss him a bunch of violets, or if we saw a sissy boy with a monocle in his eye we promptly knocked it off with a bouquet, and they would return the compliment. We were all perfect wreaths when we got home. You should have seen the street after the fun was over. The whole length and breadth of it was covered with flowers to the depth of half a foot at least.

"Of course we went to Monte Carlo one day, which is a short distance from Nice. You know perhaps that this place lies in the heart of a little country about two miles long and a mile broad, called Monaco, and is ruled by the Prince of Monaco. That is the only reason why such an evil as Monte Carlo is allowed to exist—because it is in an independent principality and where other nations do not interfere.

"The prince does not allow one of his subjects to even enter and watch the gambling in the casino, though he does allow foreigners to come there and be fleeced to the amount of forty or fifty millions a year.

"Before you are allowed to enter this gambling resort you must have a card on which is written your name, where you came from, your occupation and what hotel you are stopping at. And what do you suppose all this is for? Simply to prove, if you commit suicide afterward, that you were not insane or intoxicated when you went in.

"Doesn't it make you shiver to think of it? And yet it does not seem at all bad on the inside. There are thirteen tables in all and these are simply crowded the whole time, three and four deep, and a great many more women than men, and what men there were were over fifty years of age. You are impressed at once by the silence of the place. Scarcely any talking is heard, only the clink of money and the whirl of the roulette wheel.

"I never saw so much money in all my life nor ever saw it thrown about so carelessly. I saw one man there who had lost \$40,000 in less than five minutes. He placed \$10,000 on the black on four different tables and at all four the wheel showed red. Wasn't that awful luck? Of course, there are many who make fortunes there, too but all the same I guess the bank of Monte Carlo is above failure.

"It is so quiet in the room that you

do not realize what the turn of the wheel means to the players until you watch their hands which invariably tremble so that they can scarcely record the amount of their gains and losses with a pencil. We were disappointed at first, we had imagined something so much more exciting, but before we left our faces became flushed and we didn't want to go home and stop watching the players the least little bit in the world.

"It grows on a person; I should never dare to start even with a dollar, for I know I should lose my head. After seeing it one can readily see how one could become so fascinated as to stake every dollar they possess.

"The really truly Italians are the handsomest race you can imagine with their glorious dark eyes and clear olive complexions, and they all have the courtliest manners, for when it comes to bows and scrapes they can far outdo the society swells of America."

The party's next long stop will be at Paris where they instruct their friends to address their letters.

WEBSTER DAVIS' SUCCESSOR

New Secretary of the Interior
Chosen.

NOMINATION SENT TO SENATE.

He Has Been Connected with the Army
—New Officers for Puerto Rico—J. H.
Hollander of Maryland Will Be the
Treasurer.

Washington, April 24.—Secretary Hitchcock has decided upon Frank L. Campbell to succeed Webster Davis as assistant secretary of the interior and his nomination has been sent to the senate. Mr. Campbell has served in various capacities in the interior department for the last thirty years, and is at present assistant attorney in the office of the attorney-general for the interior department. His appointment is principally due, it is said, to his army connections, he having been commanding officer of one of the most important posts for a number of years.

The supreme court also has declined to grant a writ of certiorari in the case of the Lake Street Elevated Railroad company of Chicago against William Zeigler, the American Trust and Savings bank, trustees, et al. This is the case in which the railroad charges that Zeigler obtained bonds and stocks issued for the improvement of the road, and as director for the company secured a contract for Underwood & Green for the construction and equipment of the road. To secure the bonds the railroad company conveyed to the American Trust and Savings bank of Chicago and the Farmers' Loan and Trust company of New York all the property and assets. The petition for certiorari was to bring the case to the supreme court from the circuit court of appeals, and this today was denied.

The president has sent the following nominations to the senate:

J. H. Hollander of Maryland, to be treasurer of the island of Puerto Rico, John R. Garrison of the District of Columbia to be auditor of the island of Puerto Rico. To be assistant quartermasters, with rank of captain: First Lieutenant Thomas B. Lamoreaux; John Gibbon, Jr., of Oregon; Navy—Lieutenant-Commander Herbert Winslow, to be a commander; Lieut. Edward E. Wright, to be a lieutenant-commander. Interior—To be Indian agents: Morris L. Bridgman of Montana, for the Belknap agency, Montana; Oscar A. Mitscher of Oklahoma, for the Osage agency, Oklahoma. Frank L. Campbell of the District of Columbia, to be assistant secretary of the interior.

Frank L. Campbell, who succeeds Webster Davis as assistant secretary of the interior, is 56 years of age. He was born in West Virginia and left Washington and Jefferson college to enter the union army. At the close of the war he opened the first free school in West Virginia.

HOLDS HIS ELECTION VOID.

Senator Chandler Presents Report in
Clark Case.

Washington, D. C., April 24.—Senator Chandler, from the senate committee on privileges and elections, today submitted to the senate the report of that committee in the case of Senator Clark of Montana. The report is comparatively brief, covering only about fifteen pages of printed matter. It does not rehearse the testimony, but simply presents the findings of the committee and its reasons for its course. The finding of the committee is stated as follows:

"The finding of the committee is that the election to the senate of William A. Clark of Montana is null and void on account of bribery, attempted bribery and corrupt practices by his agents and of violation of the laws of Montana defining and punishing crimes against the elective franchise.

"In view of this finding the committee reports and unanimously recommends the adoption by the senate of the following resolution:

"Resolved, That William A. Clark was not duly and legally elected to a seat in the senate of the United States by the legislature of the state of Montana."

The report concludes with a strong recommendation for early consideration of the case, as follows:

"The senate should, as a duty to itself and to the country, demonstrate by its action in this case, that seats in the United States senate procured as Senator Clark's has been procured cannot be retained by the deliberate judgment of the senate. The senate also owes a duty to the people of Montana, who, conscious of the bad reputation to which the state had fallen by reason of vast expenditures of money in connection with its elections, manifested such a public sentiment that the legislature of 1895 passed a statute which, if obeyed, would have redeemed the state from its bad name.

"For the direct and gross violation of that statute and the consequent discredit which continues to rest upon the state Montana has a right to expect a prompt and decisive remedy from the action of the senate upon the report of this committee."

The committee states that its finding is made in view of certain admitted or undisputed facts with their attendant circumstances appearing in the testimony taken by the committee, and these are enumerated under fifteen heads.

The report asserts that Senator Clark has been constantly a candidate for office and gives his record in that respect and notes the organization of a committee in his interest in the summer of 1898, after the consultation with his friends in Butte.

"To this committee," the report says,

"he gave unlimited authority to spend money which he agreed to furnish; an estimate, however, being made that at least \$35,000 would be necessary to secure the state convention and that \$75,000 might be needed to secure the state legislature.

"In the canvass which ensued, the approximate expenditures admitted by the various members of his committee and their assistants were as follows: By Charles W. Clark, \$25,000; by McDermott, \$22,000; by Davidson, agent, \$22,300; by Wellcome, \$26,000; by Steele, \$11,000; by Corbett, \$5,000; by Whitmore, \$4,600; by Cooper, \$2,900, mainly furnished by Charles W. Clark; and the amount of these expenditures Senator Clark himself paid to his son. The advances and payments made by Senator Clark to his committee and agents, as admitted by him, amounted to about \$139,000, of which sum Charles W. Clark received from him on August 12, 1898, \$35,000; October 17, \$20,000; November 23, \$40,000 and February 13, 1900, \$20,592; and in addition to this \$139,000, Senator Clark paid \$5,000 to McDermott, one of his agents; \$5,000 to Wellcome, his attorney, and \$5,000 to E. C. Day, a member of the legislature.

None of the members of his committee or their assistants made the sworn returns required by law, nor did Senator Clark himself make any return.

Ypsilanti, Mich., April 24.—The state normal school co-eds have exhausted the possibilities of apparatus work and basketball for gymnasium exercise, and are now planning an entrance into the field of baseball. They propose to organize two teams and, arrayed in bicycle skirts and sweaters, will play match games. They have applied to the director of the girls' department of physical training, Mrs. Burton, for the necessary permission, but have not yet received an answer, as the astonished teacher has asked time to "think about it."

Threaten Loss of \$10,000,000.
Minneapolis, Minn., April 24.—Unless a heavy rain speedily visits the Cass lake region the fires now raging in the "topplings" will extend to the standing timber, inflicting losses which will run into the tens of millions of dollars. Minneapolis log owners are greatly alarmed. M. J. Scanlon of the Scanlon-Gibson Lumber company said that a terrible fire was raging south and west of Cass lake. His advice stated that the citizens were making great efforts to protect the town by "back-firing." Mr. Scanlon says there has been a great deal of property destroyed for twenty-five miles west of Cass lake.

The baby's coming is often looked forward to as a time of dread and danger. Many women are physically unfit to become mothers. They are sick and weak

In a womanly way and may well look with fear toward the time of maternity. Intelligent preparation for this time is most essential. "An athlete's train" for months before his trial. Most women do not "train" at all and yet their trial is to be fifty times as severe as the athlete's.

During the period of gestation every woman should use every means to strengthen the organs that are to be tried. They should be kept in perfect health. The faintest symptom of disorder or disease should be promptly eliminated.

Mrs. Emerson Allen, of Dorset, Ontario Co., Ont., writes: "I was in very poor health for a long time, dating from the birth of my little girl. I tried different doctors and different medicines. I took four bottles of 'Favorite Prescription' and seem to be perfectly well again."

BIG ROD MILLS SUSPEND.

Part of the Illinois Steel Plant at Joliet
Shuts Down.

Chicago, April 24.—Considerable talk was caused today by the report from Joliet that the Illinois Steel Company suspended operations at three of the rod mills and that between 600 and 700 men were thrown out of employment. Importance was attached to this report because of the persistence of the rumor that came up from the little iron and steel metropolis that the Federal Steel company, which controls the entire plant of the Illinois Steel company, would shortly order that the mills be all closed down. No official confirmation of this rumor could be found at Joliet. At the offices of the Illinois Steel company in the Rookery President Buffington was closeted with business conferees in an important conference.

Through his secretary the president of the Illinois Steel company said: "It is true that the three rod mills were closed today and that the employees the out of work, but the closing is but temporary. Some repairs were needed and the matter was so urgent that we thought it best to have a temporary closing. These mills will soon be in operation again. I assure you that the suspension is but temporary and for the cause I have outlined. There is nothing alarming in the situation. But as to the rumor that the entire plant will be closed, I will say that there is nothing in it. The report is unfounded."

New York, April 24.—The second annual dinner of the eastern alumni of the University of Chicago was held at the Manhattan hotel. Among the guests were President Seth Low of Columbia, Albion W. Seth Low said that President Harper of the University of Chicago was entitled to the respect of every American, as he had taken money that had been obtained in commercial channels and diverted it to the cause of education.

Wheeler Resigns His Seat.

Montgomery, Ala., April 24.—Gen. Joseph Wheeler has written a letter to Gov. Johnston resigning his seat as a member of congress for the Eighth Alabama district. In closing Gen. Wheeler says: "I regret more than I can express any inconvenience my absence has caused the people of the Eighth district. I will devote myself to their interests in connection with congressional matters as far as I am able until my successor is ready to qualify."

Gov. Tanner Gains Time.

Springfield, Ill., April 24.—There is considerable improvement in the condition of Gov. Tanner, and as a result there has been a further postponement of the matter of fixing the date for the operation which the executive must undergo for the removal of gall stones. If it is possible to do so the governor will put off the operation until after the Peoria convention.

Disgraceful Scene in the Bull Ring.

A disgraceful scene occurred at Madrid, Spain, the other day, when 12,000 spectators witnessed a struggle in the bull ring between a small panther, an old lioness, a large bear and a powerful bull. The spectators were so enthusiastic over the bull's victory that they scarcely noticed the reports of a gun fired by the keeper to goad the beasts. Several people were seriously wounded by the slugs, one losing both eyes. The three gored animals died.

Drying preparations simply de-

velop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

Care of Lamps

Many housekeepers think there is nothing to learn about the care of lamps, but if the little details here mentioned are adhered to there will be a great difference in the light. First, a lamp must be cleaned and filled every morning; the burners should be cleaned once a week, and the best way is to boil them in water to which

Gold Dust Washing Powder

has been added. Put a teaspoonful into a quart of water and boil ten minutes. The flames should be put into a pan of cold water and heated slowly until they boil, then take off and allow to cool gradually; this toughens the glass.

This advice is taken from our free booklet "GOLDEN RULES FOR HOUSEWORK."

THE CHORUS OF PRAISE

The Superior Evening Telegram publishes an extended article concerning Senator Whitehead and his candidacy from the pen of its Washington correspondent. Editorially, The Telegram says:

Mr. Whitehead has made considerable headway with his candidacy and the Washington correspondent's views are of interest and importance.

The article is reproduced herewith, and is, as The Telegram says, of interest and importance.

Washington, D. C., April 24.—Special correspondence Evening Telegram.—The candidacy of Senator John M. Whitehead of Janesville, for the first place on the republican ticket, is attracting a great deal of attention among Wisconsin politicians and republicans in Washington. Mr. Whitehead is no unknown man in the republican party, but it can be fairly said that he is not as well known to republicans in all parts of the state as some of the other leading candidates for the republican nomination for governor. He was senator from Rock county in the last session of the legislature and had served before in the lower house. He is a lawyer and engaged in the practice of his profession at Janesville, Wisconsin. Reports, however, have it that he is in the race to stay. Of all the candidates so far mentioned, Senator Whitehead comes as near as any one of filling the bill as outlined by the Evening Telegram sometime ago. His strong personality, unquestionable integrity, honesty of purpose and clean record in private and public life and experience certainly warrants the gubernatorial chair. All who know him admit that he would make a model governor.

Senator Whitehead ranks high as a lawyer and is greatly respected as a citizen. The character and ability which have won for him respect and honor in private life, have made him, equally prominent as a public official. During his time in the legislature, he made a splendid record and earned a name and place in Wisconsin politics through his efficient and painstaking work. It can be said of him that he was on the right side of the question regardless of his personal and political interests. He drafted the anti-pass law which is considered a model of its kind. When the arguments upon the question of taxation revealed the fact, owing to the lack of reliable data bearing upon it, there was little hope of accomplishing anything he immediately took steps to remove this difficulty by fathering a bill for the creation of tax commission. He championed every bill in the interest of the people upon which there was a contest. He did not evade a single duty or a single issue. He always took a decided stand and was invariably in the right. To those who are familiar with the ins and outs of our legislation, this means a great deal. A man who can make such a record under all the evil influences and pitfalls which make themselves prominent in almost every legislature, is certainly worthy of further public confidence. Mr. Whitehead is a man of much more than ordinary ability. He has strong conviction and is a close student of political and economic questions. He is more of a conservative than a radical. He never proceeds without reason. He has the energy and industry to work out the problems as they present themselves. Backed by his sturdy character, his words always carry conviction. Insincerity and double dealing has no part in his make up. These qualities in connection with his sound judgment and shrewdness has made his advice valuable and more sought. The qualities that are required for a strong, just and successful executive are found in Mr. Whitehead and Wisconsin could not do better than to choose him a leader.

But besides these considerations,

there would also be a political expediency in selecting Mr. Whitehead as a party head. The republicans of Wisconsin have of late been torn and weakened by factional fights. If continued much longer, this strife is certainly going to end in disaster for the party. To future party success, harmony is necessary. The question, however, as to how to obtain this is not an easy one to solve. It is not always human nature to give in. Personal interest, spite and vindictiveness are stronger than party affiliations. That either side will submit to the other as long as the old leaders are at the helm is not likely, at least, not until after party defeat has been experienced. Both sides might be made to unite on some man for a leader who is above factional quarrels, who has taken no sides except in the interests of the party as a whole. On some man who is strong enough to command general respect and big enough to maintain it. Such a man Mr. Whitehead would prove himself. He cannot be classed with either faction. While he represents the ideas of the reform element, he does this without offense to the other side and with such broad mindedness, with such wise conservatism as to inspire general confidence. He would be eminently fair to all. He would consider and carry out what was best on both sides. He would not be controlled either by individuals or interests.

To compromise on Mr. Whitehead or some man like him would certainly be a happy solution of all questions from a party point of view.

From present appearances Mr. Whitehead will also be the choice of a district which though the largest in the state has had no representation on the state ticket for years. Considering everything it thus seems that he is by all odds the most available candidate for governor so far in the field.

A Scheme That Failed.
A Danish scheme of state and communal gratuities, or pension, to destitute males who have passed their sixtieth year, and who have led reputable lives, has not resulted in the good anticipated by its advocates and promoters. On the contrary, its workings have been demoralizing. The poor, so called, refuse to make, or even strive to make, provision for old age while it is in their power to do so, on the ground that support from pensions will come without effort. Children in flourishing circumstances refuse to assist their needy parents, money in savings banks has been withdrawn and squandered and benefit associations to which employers have contributed have lapsed into bankruptcy. The scheme, in fact, has become a positive premium upon destitution, an incentive to improvidence and a foe to manly rectitude and self-respect.

COUNCIL MEMBERS MEET THIS EVENING

NICHOLAS FREDERICKS WILL BE RE-ELECTED.

Alderman Hemming From the Fourth But Twenty-Four Years of Age—Three Outgoing Aldermen Have At All Times Rendered Good Service—Standing Committee Appointed.

This evening at 7:30 o'clock Mayor V. P. Richardson will call the new common council to order for organization. The new aldermen to assume seats are Charles L. Valentine, republican; Edward F. Hemming, democrat; Dr. W. H. Judd, republican.

The aldermen to retire after two years of excellent service are Edwin F. Carpenter, republican; John W. Peters, democrat; and W. G. Palmer, republican.

James Sennett, democratic alderman from the fifth ward and Frank E. Fifield, republican alderman from the first ward, hold over both being re-elected.

The new council is composed of five democratic aldermen and five republican aldermen with Mayor V. P. Richardson, republican, in the chair. The new council is as follows:

Walter S. Rice, C. L. Valentine, H. S. Glick, E. F. Hemming, J. B. McCann, Frank E. Fifield, J. F. Hutchinson, Dr. W. H. Judd, Fred H. Kottman, James Sennett.

The business to be transacted this evening will include Mayor Richardson's annual message. The council will then proceed to the election of a street commissioner, two city assessors, city engineer and a health officer. The election will in all probability result as follows:

Street Commissioner—Nicholas Fredericks.

City Assessors—David W. Watt and Edward H. Davies.

City Engineer—B. V. Kerch.

For the office of city health officer as now held by Dr. George Fifield there is some strife and uncertainty there being a half dozen local physicians after the honor. Standing committees will be appointed by Mayor Richardson this evening. The three new aldermen to enter the council are all well known.

Dr. W. H. Judd needs no introduction. He has resided in Janesville for the past thirty six years and has at all times been a staunch republican. He was twice elected to the council from the second ward, serving from 1885 to 1889. He at all times was a friend of the laboring classes when alderman. Dr. Judd was born at Greenville, Pa., on November 29, 1853.

Edward F. Hemming is the son of the late William Hemming, the former well known Janesville brewer. He is twenty-four years of age and is one of the youngest if not the youngest aldermen ever seated in Janesville. Alderman Hemming was born in Janesville and is a young man held in the highest esteem. He is fully capable of looking after the affairs entrusted to him.

Charles L. Valentine has resided in Janesville for many years and is well known in all portions of Rock county. For years he has worked hard in the interest of the republican party and for many years served as register of deeds for Rock county.

ARIZONA, ABOVE CRITICISM

Excellent Program Given at the Myers Grand Last Evening

One of the most satisfactory performances ever presented on a Janesville stage was given last evening at Myers Grand when an excellent company of artists presented "Arizona." There was only a fair sized audience present. If the price of admission to any part of the lower house had been one dollar there is little doubt but what every seat would have been taken. The admission was \$1 and \$1.50, which prices the company has received in all cities visited.

The performance last evening was richly staged and was a story of western ranch and army life interwoven with pretty and well carried out love stories. Each and every member of the company deserves special mention, and those who remained away missed what many term the dramatic event of the season.

RANDALL INVENTS AN AUTOMOBILE

HORSELESS CARRIAGE TAKEN OUT THIS MORNING.

Traveled the Streets of the Second Ward Without Any Trouble—Runs at a Moderate Cost—Gasoline Used For Operating Power—Weights About Six Hundred Pounds.

Frank Randall, 208 Glen street, is the first resident of Janesville to own an automobile. Mr. Randall is also the inventor of this horseless carriage that now finds shelter in the barn of his second ward home. For several months past Mr. Randall has been hard at work on different models and now he believes that he has a machine that is well on the road to success.

This automobile weighs about six hundred pounds and is operated by gasoline. Its speed is estimated at from two to twenty miles an hour and the inventor has spent a goodly sum and much hard labor to bring about his invention. This morning the horseless carriage was taken out for a trial and with ease traveled over Second ward streets with a good rate of speed. Mr. Randall says that he hopes to improve on his present machine with several new appliances.

Frank Randall was for several seasons engaged in the bicycle business in Janesville manufacturing the well known Bower City wheel.

MISS HAYES SCORNS COLLIER'S WOOING

Eccentric Lawyer Finds His Fiancee, But Within a Few Hours Loses Her Again.

Moline, Ill., April 24.—The engagement between Miss Carrie B. Hayes and Attorney Frank Collier of Chicago, was severed last evening as a result of Miss Hayes' appeal for police protection. Collier came up to the police station and pleaded with her but she was adamant in her refusal.

Finding her firm at the last the lawyer repudiated the engagement and sent her with an officer to get the presents which he had lavished upon her. He further declared he would not kill himself but would never marry or speak to her again until she humbly apologized. She told him she never wanted to see him again.

Earlier in the day Miss Hayes appeared at the Gustus school and resumed her classes. Collier arrived upon afterward and took her to the police station to report her return. There, in the presence of police and reporters he made love to Miss Hayes, who did not appear to be deeply affected.

"Carrie," he said, "I love you more than my overweighted breast can express. Since you left me I have not slept a wink or partaken of a mouthful of food. I am nervous and weak from the terrible experience. I have suffered through having you leave me and since you left have searched every insane asylum and hospital in the state of Illinois in hopes of finding you."

"I have been in Elkhorn, Dak.; Delavan, Janesville, Milwaukee, Galesburg, Burlington, Oreston and a number of other places. I have spent \$86 in telephoning to find you, my lovely fiancee, and now that I have found you again I feel that all the trouble I have had is nothing in view of the fact that you have promised to marry me. I will never part from you again."

Three hours after this eloquent burst the two had parted and the presents were restored to the eccentric lawyer.

UNITED STATES TO INTERVENE.

Colombia's Trouble May Lead to War-Like Action by Americans.

New York, April 24.—The capture of Bocas del Toro and the threatened attack on Colon may compel forcible intervention by the government of the United States to preserve the "perfect neutrality" of the isthmus, guaranteed by the United States in the treaty of 1946. A treaty exists between the United States and Colombia by which, in exchange for certain concessions made to the United States, this country guaranteed "positively and efficaciously" the "perfect neutrality of the isthmus of Panama," and also guaranteed the rights of sovereignty and property of the Republic of Colombia in and over the territory of the isthmus as included within the borders of the department of Panama.

Caracas, Venezuela, April 24.—Advises just received from Cucuta, Colombia, say that the Colombian revolution is losing ground daily, and that smallpox has invaded the ranks of the insurgents.

MAN WHO 'COULDN'T MOVE.

Joseph McMullen Dies at Champaign, Ending a Most Remarkable Case.

Champaign, Ill., April 24.—The death of Joseph McMullen today ended one of the most remarkable afflictions known to modern science. McMullen was commonly called "the iron man" and "the ossified man" because for 11 years he had not been able to move a joint in his body. At the age of six the unfortunate fellow received an injury in his right hip joint, from which he never recovered. The injury to that joint was communicated to his other joints, which one by one became stiff and immovable. His frame became like iron. He sat rigid as the sphinx, retaining his brain faculties, but unable to speak, for the joints of his jaw refused to work. His front teeth had to be sawed out that he might be fed liquid food.

To Reflect Upon.

From recent statistics it is learned that out of the entire criminal population of the United States, numbering about 90,000, only 6 per cent are women. In regard to insanity, it is known that there is scarcely any perceptible difference in number between the sexes, while the men paupers in the country outnumber the women by a slight margin.

A Large Sign.

It is several hundred feet above the level of the sea and contains four words, in letters each fifteen feet wide and thirty feet high, each bar of the letters being three feet three inches broad. The sign is 750 feet long.

Mr. and Mrs. Fleek have gone to housekeeping in a cozy furnished flat at 33 South Main street, and will carry with them the best wishes of many friends. The happy couple received many handsome and costly gifts, including an upright Sohmer piano, a gift from the Sohmer Piano company.

A Historic Flag.

Among the flags hung in the new memorial hall in the Massachusetts statehouse in Boston are those which the famous Sixth Massachusetts regiment carried in the fight in the streets of Baltimore on April 19, 1861, and throughout the civil war. The state flag of the regiment Chaplain Babbidge kept folded across his breast under his coat for safe-keeping during the first few days the regiment was in Washington.

LATE TELEGRAPHIC NEWS.

BIG ARMY IN ACTION.

Roberts Rushes More Men and Guns South.

FIERCE BATTLE IS FOUGHT.

Boers Are Driven from One Position, but Victory Gains Little.—Dr. McNamara Denounces Action.—Red Cross Corps—Their Banner Returned.

London, April 24.—The Lourenco Marques correspondent of the Daily Mail, telegraphing, says:

"Dr. McNamara of the Chicago ambulance corps has returned here from Pretoria with the banner of the corps. He expressed himself as 'disgusted with the whole proceeding.'"

Strong re-enforcements, consisting of the Eleventh division, under Pole-Carew, and two brigades of cavalry, under French, have been sent to aid the column attempting to relieve Wepener. Serious fighting has occurred in the vicinity of the besieged town and the result was not decisive, according to the latest dispatches from the front. The loss of thirty-three officers and men and a statement that twenty-five more are missing is related in an official report from Lord Roberts. This list is deemed incomplete, as the fighting was fierce and the casualties must have been more serious. It is believed that the report refers to losses before the main engagement. Brabant's column also is reported near the beleaguered town. It has engaged the Boers at Bushman's kop, and the dispatches claim that considerable ground has been gained, the force now being within eight miles of Wepener. The British casualties are stated as twenty-five. The strong body of re-enforcements which Lord Roberts sent to assist the relief of Wepener and to endeavor to envelop and cut off the Boers from a retreat northward furnishes further evidence that the Boers are assembled in much larger forces around Wepener than had hitherto been supposed, and, as the Times in an editorial remarks, whatever may be the difficulties of roads and rains, the Boers always appear to have guns, and sometimes big ones, where they want them.

A Boer dispatch, dated Thaba N'chu, April 20, says that a fresh supply of cannon and ammunition has reached Gen. De Wet at Jammersburg drift. It also asserts that one of Col. Dalgety's guns has been smashed. Karrieffontein, mentioned in Lord Roberts' message to the war office, is fifteen miles southeast of Bloemfontein. Leeuw kop is two miles farther south. Apparently the British captured Paarde kraal Sunday night. The Boers evacuated Leeuw kop during the night, removing the gun, and the British occupied the kop the next morning. Although the Boers appear to be offering stout resistance to the British advance, their position is dangerous. They can scarcely delay further their retreat northward without incurring the risk of being cut off. Usually they have been well informed regarding the British plans, and they are not likely to run such a risk, especially as they have partially accomplished their object in drawing large forces from Bloemfontein on long marches and have thereby delayed the advance on Pretoria. The Morning Post, commenting upon the difficulty Lord Roberts is experiencing, asserts the wisdom of arranging for a steady flow of re-enforcements.

The report that a Boer commando was at Frankfort proved to be without foundation, but evidently there is a large force opposing Lord Methuen.

The war office has issued the following dispatch from Lord Roberts, dated Bloemfontein, Monday, April 23, 2:50 p. m.: "Yesterday I dispatched the eleventh division under Gen. Pole-Carew, and two brigades of cavalry, under Gen. French, from this point to assist Gen. Rundle. The force reached Karrieffontein without much opposition. "Casualties reported: Welsh regiment, private killed, Capt. Prothero mortally wounded and seven men. "Yorkshires: Eight wounded. "Eight hussars: One killed and one wounded. "Fourteenth hussars: One wounded. "Royal artillery: Two wounded. "Seventh dragoons: Lieut. Jenkins and ten men missing. Capt. Rotton, Royal artillery, broke an arm by a fall."

A HEAVY BATTLE MAY BE ON. Greatest Fight Since the Beginning of War.

London, April 24.—Desperate fighting is reported in the neighborhood of Wepener. It appears that the Boer army is practically surrounded, although it exhibits no signs of uneasiness and persists in its three-cornered fight with the British. One part of the Dutch forces is besieging Wepener, another is resisting the advance of Gen. Rundle at Dewetsdorp and a third is attempting to block Gen. Brabant's advance from the south. The situation must be becoming highly critical for the Boers. Their astonishing daring gives the impression that their forces are larger than reported. It also suggests that they are hoping for the descent of a strong Dutch force upon the British in the Thaba N'Chu direction. All things considered, unless the Boers slip away through the hills before they are wholly enveloped by the

British, it is believed that one of the greatest battles of the war is close at hand, if not already in progress. Advances from every quarter of the field of operations tell of Boer aggressiveness. Lord Roberts is not expected to advance until matters have been decided in the Wepener region.

To Join His Father in Prison.

Marietta, Ohio, April 24.—Harry Little, aged 17, was arrested here on the charge of entering the store of R. E. Race. He was arraigned before Mayor Sykes and entered a plea of guilty to the charge of housebreaking. Within the last few months his father was found guilty of perjury and sentenced to the Ohio penitentiary. Since that time the boy has been without a home. He said that he realized just what he was doing and did it so that he might go to the penitentiary where his father was. Being unable to furnish a bail bond, he was sent to jail.

Found by Excavators.

Springfield, Ill., April 24.—Workmen engaged in excavating for the foundation for the new Lincoln monument have discovered the steel case in which the remains of President Lincoln were originally placed. After the attempt to steal the body the wooden casket was taken from the steel case and placed in a leaden one. The steel case was buried in the foundation, and the workmen have been looking for it ever since they have been at work under the surface.

Col. Sutton's Trial Opens Wednesday.

Lansing, Mich., April 24.—The trial of Col. Eli R. Sutton on a charge of being an accessory of Gen. White and Gen. Marsh in the military frauds, will begin Wednesday, a request for a further postponement of a week having been denied by Judge Weist. Sutton's attorney announced that his client will take the stand in his own behalf.

Sent to Jail by His Father.

Terre Haute, Ind., April 24.—Edward High, a young man at Fontanet, was brought to the jail on a commitment for murder issued by his father, Justice of the Peace William High. Young High is charged with killing William Pawalski, a miner, while drunk. The preliminary hearing was before Justice High.

Murder by "Boxers."

VAST DAMAGE BY FLOODS.

Swollen Rivers of the South Are Raging.

DAMAGE REACHES MILLIONS.

Telegraph Service Destroyed in Many Localities—Bridges Gone—Water Five Feet Deep in Houses—Mobile & Ohio Company Heavy Loser.

New Orleans, April 24.—Property worth millions of dollars has been swept away by the floods in the southern states. Rain is still pouring down in three states, still further increasing the damage.

Vast damage is being done to bridges, railroads and dikes. Telegraph service is destroyed in many localities. It is now estimated that the total property loss will readily foot up \$60,000,000. Food supplies are running short at Meridian, Miss., where all railroad traffic has been abandoned. Around Columbia, Miss., every railroad and wagon bridge has gone to swell the acres of debris angrily swirling toward the gulf. At Enterprise, Miss., the situation is desperate, the water standing five feet in the houses. All fences, small buildings and live stock have been washed away. Excursion trains that carried hundreds of spectators from this city to the flooded districts Sunday could not get back to the city, and the excursionists are facing dire hunger. General managers of the various railroads affected have arrived here and are directing the tremendous task of temporary repair. In some cases twenty-five miles of new road will have to be built. The flood district is roughly bounded by a line drawn from Mobile up the Tombigbee river to the center of the state of Alabama, thence running west through Jackson, Miss., to the Mississippi river. A broad crescent of northern Louisiana sweeps around New Orleans and Baton Rouge. Within this district cloudburst after cloudburst seems to have visited the country. All of the railroad lines are blocked at Jackson, Miss., though the Illinois Central has succeeded in getting some of its trains through on the Yazoo and Mississippi Valley road. Its eastern branch is blocked at Byram, nine miles south of Jackson, on the Pearl river, and the Louisville & Nashville road also is tied up at the same place by the destruction of the Pascagoula bridge. Miles and miles of trackage of the Mississippi roads are under water, and the Mobile & Ohio line has been one of the chief sufferers.

FAMILY LOST IN FLOOD.

Negro and His Wife and Five Children Drowned.

Jackson, Miss., April 24.—John Horton, a negro, his wife and five children were drowned in the back waters of Pearl river while trying to escape from the flood. Their cabin had been inundated by the high waters, and the family was endeavoring to make its escape in a wagon when the vehicle fell through a broken bridge. Pearl river is now stationary, the heavy rain last night having checked the falling waters. The weather continues threatening and railroad traffic is in a very bad condition.

Mob Attacks a Priest.

Altosna, Pa., April 24.—The pastoral residence of the Polish Catholic church in the mining town of Dubois is in a state of siege as a result of a campaign against illicit liquor selling begun a few weeks ago by Father Szynski, pastor of the congregation. The pastor was attacked by a mob. The fate of the priest is unknown, as at the last accounts his residence was still surrounded by the angry Poles, who had carried their campaign to the extreme of opening up a "speak-easy" in the pastor's yard. The local authorities are organizing with the intention of raiding the mob. The Poles are armed to the teeth, and an ugly fight is expected. They threaten to burn the priest's house before they will surrender to the authorities.

Church Women's Dance Fails.

Kalamazoo, Mich., April 24.—On account of the epidemic of measles, whooping-cough and scarlet fever at Dowagiac the state health department issued a proclamation closing the city schools and churches there and prohibiting any gathering of the residents. The women of the Episcopal church ignored the proclamation and attempted to give a ball, but when several hundred guests arrived at the dance hall they found the doors barred against them by the local health authorities. Mayor Richey dispersed the crowd.

Double Suicide at Dayton.

Dayton, Ohio, April 24.—A sensational double suicide was committed here when Albert J. Deady, aged 28, and his 16-year-old wife, locked in each other's arms, leaped from the Apple street bridge into the canal. Their 5-month-old baby is in charge of the young wife's mother and stepfather, Mr. and Mrs. George Ulrich, with whom Mrs. Deady made her home during her brief married life. Deady leaves a widowed mother.

It is hard to say new things about Doan's Kidney Pills. They cure the lame and aching back, the sufferer from kidney disorders and the troubles of those whose urinary organism is wrong in its action. That they do this is so easy to prove that not a vestige of doubt remains. Public endorsement of local citizens is easily proven. Read this case:

Mr. E. Dillenbeck, of 126 Milton Ave retired farmer, says: "My wife was troubled with kidney complaint for four or five years, and complained of pains in the small of the back in the region of the kidneys. The symptoms all indicated that the kidneys were deranged, and the doctors who treated her said that those organs caused the trouble. As she did not get any better we thought Doan's Kidney Pills might give her relief, and procuring them at the Peoples drug store, I had her use the remedy. It did for her all that could be expected and did her a great deal of good. We can recommend Doan's Kidney Pills and you can use our names as saying what has been stated above."

President Castro's Despotism Policy Alienates Soldiers, Who Will Rise.
Kingston, Jamaica, April 24.—News received here from Venezuela via Trinidad says that President Castro's administration is so despotic that his own troops are rising against him and that military officers are engineering another revolution. The populace, however, is clamoring for the re-establishment of social order and security, insuring full political and other rights. Some of the leading wealthy men are leaving Caracas for Europe, the United States and the West Indies because of the present regime, which is classed as being abominably tyrannous.

The Hebrews in the crowd tried to protect Frank and Bernstein, while the Irish were angered at the decision against their favorite, "Kid" Conroy. The riot kills boxing in this city.

Sight Returned After Sixteen Years.
An extraordinary case of lost sight returning after 16 years of total blindness has just been made known. The case is that of Emanuel Mandel, father of Philip Mandel, who lives in Trenton. The older Mandel lives in Newark. He spent last summer in Trenton visiting his son. At that time he was totally blind and had to be led from place to place. Some time after returning to his home in Newark Mr. Mandel was taken sick, and his illness continued until a few weeks ago, when he began to experience pains in the head. One day he put his hand to his head and saw the hand distinctly, says the New York Sun. Astonished at the gleam of daylight which he perceived after 16 years of gloom, he looked up and saw the face of his wife. From that time his sight improved until now he can see as well as his youth.
